The University of Nairobi Alumni Association (UONAA) will construct an Alumni Centre which will host its Secretariat and other facilities. It is envisaged that the Centre will house facilities which will benefit the alumni, UONAA, the University and the corporate world. It will be a focal point for the alumni to network and plan their activities. The Centre model is planned as a self sustainable business venture which will have revenue generating facilities - including a hotel with conference and accommodation facilities. The Centre will house modern sports facilities for outdoor and indoor games. It will provide ample parking space with beautifully landscaped lawns taking into consideration green environmental issues.

The Centre will be a place where the alumni will meet, relax and conduct their business. It will be a home away from home, a focal point for meetings as alumni interact and chart way forward for various projects. The Centre will, therefore, be central to mentorship and role modeling to University of Nairobi staff and students - as senior alumni interact with the younger ones in areas of training, research and consultancy. The Centre will also house library facilities for special collections, and archival resource materials as well as those that support e-learning and multi media programmes.
